

Easy Ways Your Kids Can Safely Search Online

If using Google, employ *SafeSearch* technology and turn on explicit results filter in settings

Sites like *KidsSearch.com* and *SafeSearchKids.com* are powered by Google and ensure safe search can NOT be turned off

These sites offer other filtering tools: *Safe Images*, *Safe Wiki search*, and *Safe Video search*

Utilize parental controls on all devices to ensure inappropriate content is already filtered

Use safe search apps on mobile devices and ensure other search apps are removed
