

#UnHackable

Cybersafety for Seniors

3 Principles of CyberSafety
5 Key Red Flags

Are you a member of a senior based community group? Do you live or work in a retirement community or seniors facility? In this seminar, we will empower seniors to stay active online by providing simple and clear steps to protecting personal information and for spotting fraud attempts. Contact us to discuss further.

 **Dates available in 2023**

 **1.5 hrs in duration**

 **In-Person or Virtual**
