

SPONSORSHIP PACKAGE

KnowledgeFlow.org

OUR MISSION

Our mission is to ensure that all Canadians have access to expert cybersafety instruction and resources regardless of their location or financial status. We focus on educating vulnerable communities, including youth, particularly Black, Indigenous and youth of color, seniors, and new Canadians to ensure they are empowered to participate fully and safely in the digital universe.

TOPIC-RELATED MARKETING

- Provide free cybersafety education materials to individuals and communities across Canada
- Organize online safety workshops and webinars for children, parents, seniors, and educators
- Develop innovative tools and resources to combat emerging cyber threats

We offer customizable and tier based models (platinum, gold, silver) to fit various businesses and corporations

CORPORATE GRANTS

Our corporate grants program offers a unique opportunity for businesses to align their goals with our mission and support the operational needs of KnowledgeFlow in providing online safety and security

EMPLOYEE ENGAGEMENT

Working together to raise awareness and funds for KnowledgeFlow's work can help strengthen team members' sense of corporate pride and commitment.

- Workplace giving
- Community hours
- Employee fundraising events
- Holiday giving campaigns

CORPORATE GRANTS

Our corporate grants program offers a unique opportunity for businesses to align their goals with our mission and support the operational needs of KnowledgeFlow in providing online safety and security.

By developing a tailored strategy through our grants, your business can make a meaningful impact in ensuring a safer digital landscape for all Canadians, while also meeting your own objectives.

TOPIC-RELATED MARKETING

Raising awareness and funds for KnowledgeFlow's work not only supports our mission to provide education, safety, and responsibility online but also offers you a valuable opportunity to showcase your contribution and help us:

- Provide free cybersafety education materials to individuals and communities across Canada
- Organize online safety workshops and webinars for children, parents, seniors, and educators
- Develop innovative tools and resources to combat emerging cyber threats

We offer customizable and tier based models (platinum, gold, silver) to fit various businesses and corporations

EMPLOYEE ENGAGEMENT

Working together to raise awareness and funds for KnowledgeFlow's work can help strengthen team members' sense of corporate pride and commitment.

This can be done through:

- Workplace giving
- Community hours
- Employee fundraising events
- Holiday giving campaigns
